V3D GRAPH VISUALIZER: USER MANUAL
App-Synth

Contents

1	Requirements	2
1.1	At the base level, youll need:	2
2	Usage	2

1 Requirements

1.1 At the base level, youll need:

- A phone that runs Android 4.1 (Jelly Bean) or newer.
- Google Cardboard headset or similar
- 25mb minimum space to install the V3D app

2 Usage

There could possibly exist some variance between which devices work with which versions of the headset, as well as which are fully compatible and which are only somewhat compatible

Install and run the app.

From here, you can simply move your head to look freely around, in 360 degrees
